PROFESSIONAL SUMMARY

A Passionate software developer with specializing more in backend engineering. Experienced in building diverse projects across multiple programming languages, with primary expertise in JavaScript and C++.

EDUCATION

Binus University
Undergraduate Student in Computer Science
GPA: 3.98 / 4.00

ACHIEVEMENTS AND CERTIFICATION

Dean's List | Bina Nusantara University - 2025
Microsoft Certified: Azure AI Fundamentals (AI-900) | Microsoft - 2025
2nd Place Winner | International Morals and Ethics Contest (IMEC) - 2023

SKILLS

Languages: JavaScript, TypeScript, HTML/CSS, Kotlin, Java, C, C++
Frameworks/Libraries: React.js, Express.js, NestJS, Tailwind CSS, Flutter
Databases & Tools: PostgreSQL, MySQL, SQLite, Prisma, Docker, Microservice

PROJECTS

Koinku | Docker, Express.js, Tailwind CSS, React.js, PostgreSQL, Typescript

- Designed and implemented the interactive goal page frontend using React.js and Tailwind CSS, focusing on user experience and responsive design.
- Developed the backend wallet model using Express.js and PostgreSQL.

Moodtune | Flutter, Express Js, SQLite, Groq API

- Designed all backend functionality CRUD using Express JS, and Sqlite.
- Helped the frontend to connect to backend, and ensured the application worked properly.
- Called the Groq API to provide music based on mood of user.

W3Speedrun | Nest JS, Prisma, MySql, Microservice, Typescript

- Designed and implemented all the backend functionality CRUD using Nest JS, Prisma, MySql, and Microservice architecture.

Sales Data | Database Technology, My SQL

- Migrated the sales data activity record from excel to database (MySql).
- Build the Entity Relational Diagram (ERD) model, and cleaned it into 3 NF.
- Cleaned the excel data like removed the redundancy, and null values.
- Inserted all the data from excel to database (MySql).
- Made the query based on request.

EXPERIENCE

Mentor | Scholarship Mentor Program, Student Advisory & Support Center (SASC)

Activist | Himpunan Mahasiswa Teknik Informatika (HIMTI)

Sigma Lab | S class of Computer Science Binus Alam Sutera

Mentor | BINUS Student Learning Community (BSLC)
